

SCOTT NETZEL

VOICE OVERS

About

I am a full time Voice Actor with 15 years of experience. I have been trusted by some of the most recognized brands to bring their commercials and promos to life. With my hard working but laid back attitude and love for story telling, brands have hired me to bring that exact sound and feel to sell their products and services. I love anything Voice Over. I would happily spend all day secluded in a little vocal booth telling stories, making voices and sounds into a microphone for the rest of my days. If you want to know more, I would love to chat with you directly. Feel free to reach out!
